## Testimonial –

Our CEO was so delighted with his stay that he didn't want to leave. He said the staff were all fantastic and he didn't have to think twice about anything. Any request he had, like milk at 10pm at night for his morning coffee, were dealt with straight away and it was all so easy for him.

I'm so so grateful to you both as I know the team have very high standards and you surpassed them all.

Our chairman also called me to say he had had a really wonderful and enjoyable stay with you too. All the staff were lovely and helpful with nothing being too much for them all. He said the tech was brilliant and therefore it was fine for our colleagues to dial in remotely for the duration with no issues. They also loved the terrace section allowing fresh air in. (The tech and comfortable seats in the room are just the most important thing so well done with that).

Their only disappointment was that they didn't get a chance to enjoy the spa.
